Mr President
sir, in all
respects, we've
lost. Our forces
can't hold out
much longer.

How much

Sektene Colony on Planet

I was sent
here by my superiors
to decide whether
the earth should be
destroyed or not.

I was not allowed
to interfere with
human affairs,
but I committed a act
of kindness and
they decided to
destroy earth.

You can defeat
them by finding
their communications
ship and destroying
it. that will knock out
their communications
and they will be
confused. then you
will strike.
